PROFESSIONAL SUMMARY

Experienced iOS Developer with 5+ years of experience building production-grade, security-hardened apps across fintech, EdTech, e-commerce, and social networking. Proven sole developer owning the full SDLC — architecture to App Store — with deep expertise in mobile security, clean architecture, and scalable Swift/SwiftUI development.

TECHNICAL SKILLS

Languages	Swift (primary), Objective-C
UI Frameworks	SwiftUI, UIKit, Auto Layout, Cocoa Touch, Core Animation, Storyboards, XIBs
Architecture	MVVM, MVC, Clean Architecture, SOLID Principles
Security	AES-256 Encryption, ECDH Key Exchange, SSL Pinning, Keychain Storage, OAuth 2.0
Networking	RESTful APIs, Alamofire, Socket.IO, Combine, async/await, Swift Concurrency
Data & Cloud	Core Data, Firebase, Firebase Crashlytics, Crash Analytics, Cloud Messaging
Testing	XCTest, Unit Testing,
Monetisation	In-App Purchase, Payment Gateway Integration, Google Ads SDK
CI/CD & Tools	Xcode, Git, CocoaPods, Swift Package Manager (SPM), GitHub Actions
Methodology	Agile/Scrum, App Store Deployment, Deep Linking, Push Notifications

WORK EXPERIENCE

Senior iOS Developer | Sveltetech Technologies Pvt. Ltd.

Jun 2024 – Present

Gurugram, India | Full-time

- Sole developer accountable for the full iOS SDLC — from requirements gathering and architecture design to App Store submission, CI/CD pipeline setup, and post-release maintenance.
- Engineered [Vaves](#), a real-time end-to-end encrypted chat app with zero reported security incidents since App Store launch.
- Sole iOS developer on [Ritam](#), a multilingual news platform with 10K+ downloads and an App Store rating of **4.7+ stars**, delivering regional content across 11+ Indian languages including Hindi, Tamil, and Urdu.

iOS Developer | Ahead Websoft Technologies Pvt. Ltd.

Aug 2022 – May 2024

Gurugram, India | Full-time

- Sole iOS developer on [Social Engine](#), a feature-rich social networking app serving 10,000+ active users with real-time messaging, status updates, a Reels feed, and an in-app background music player.
- Built responsive multi-view UI layouts using Storyboards, XIBs, and Cocoa Touch, maintaining an App Store rating of **4.3+ stars** across all delivered apps.
- Integrated deep linking, RESTful APIs, Google Ads SDK, and push notifications across multiple client apps, measurably improving user retention and monetisation metrics.

Software Engineer (iOS) | Sword Software N Technologies Pvt. Ltd.

Nov 2020 – July 2022

Delhi, India | Full-time

- Sole iOS developer on [Taillog](#), a mission-critical Electronic Flight Bag (EFB) iPad application for certified pilots, deployed on active commercial and private flights — a regulation-compliant, zero-tolerance-for-failure context.
- Collaborated with product managers and UX designers to translate complex aviation workflows into an intuitive, regulation-compliant iOS interface built in Objective-C.
- Implemented Dark Mode and Landscape Mode support, reducing reported usability issues by over **30%** based on post-release user feedback.

EDUCATION

B.Tech – Computer Science & Engineering - 2016 – 2020

KIIT College of Engineering

Senior Secondary (12th) – Science (CBSE) - 2015 – 2016
